REPECHAGE AIR RIFLE CHALLENGE

A new event
for Air Rifle
shooters

Sunday 12th September commencing at 2.00p.m.

(it is ESSENTIAL that all entrants are on time - try to arrive 30 mins early so pairs can be drawn and shooting can start on time)

The competition that has you competing one to one with an opponent in a shot for shot event with a point being allocated to the winner after each shot. Handicaps are allocated to each shot for each shooter depending on their club or TRSA or AISL scores.

The competition is shot in rounds.

Round 1 - Randomly squadded pairs shoot against each other. Ten minutes will be allowed for sighting shots before the competition begins. Then shooters shoot 10 shots, one shot at a time under finals time calls. Shots are scored (using the score machine in decimals), handicaps are added, and points are awarded immediately to the highest score + handicap. At the end of the ten shots the highest point scorer moves into round 3. In the event there is a tied score, there is an immediate shoot-off to determine the point winner. The lowest points scorer moves into round 2.

Round 2 - This time 5 minutes are allowed for sighters and then the match progresses as for round 1, with a point being allocated to the winner over the full squad. Those shooters not involved in this round (as they have already won the right to shoot in round 3), are expected to cheer loudly as the results for this round are announced. The winners in this round move into round 3. (The number moving into the next round will depend on the number in the competition to begin with and will be advised at the start of the event.)

Round 3 and beyond - rounds continue until there are only 2 shooters on the line. The winner is declared after the final round. Shooters who have been knocked out are expected to cheer loudly.

This event is open to ALL our air rifle shooters - entry is welcomed from those who shoot air supported (as some of our juniors do), and disabled and able-bodied standing.

Entry fee is \$10 which includes Range Fee, and small prizes will be given to the first 3 places.

Early entry would be appreciated so we have time to allocate a handicap.
(Please phone - 8347 2488 or email to entries@targetriflesa.com)
