

Reynella Smallbore and Air Rifle Club

meets every Friday night at 7.30, at their new clubrooms at the Reynella Oval, Oval Road Reynella SA
Contact the Secretary, Coral, on 0403 340 947
or by email at reynellaclub@gmail.com

Our club welcomes new members and visitors to our air conditioned and competition standard air rifle range situated beside the Old

Reynella Oval at the Reynella Community Centre. It has 12 fully automatic shooting bays.

We shoot a variety of air rifle events. These include the International competition which is shot in a standing position and a bench rest match which is great for beginners and our younger and older members. For fun, we also have a moving target event.

Some of our members also shoot .22 rifle events, however, at present as we have no .22 rifle facility at Reynella, in order to be

active in .22 rifle competitions, our members travel to the State Range at Wingfield to participate in .22 rifle activities.

The club has a short history compared to many rifle clubs. Our club began in 1983. It boasts a number of State and National champions. A number of our members have represented Australia in the Olympic Games, World Championships, Commonwealth Games and many other international events.

One of our shooters, Carrie Quigley won Gold in the 1998 Commonwealth Games and her sister Lindy Muehlberg also won a Commonwealth Games medal in 1998. In 1996, their sister, Sue Banks also represented Australia at the Commonwealth Games, shooting an Australian Women's International record. Carrie, Lindy and Sue were

also members of Olympic Games teams - Sue in 1996 and Carrie and Lindy in 2000. And their mother competed in the Los Angeles Olympic Games in 1984. Carrie is currently a National Coach in Australia.

We have a range of club equipment and this is available to members and visitors.

Visitors are always welcome and it will cost \$10.00 to come and have a go. We provide all equipment and coaching for visitors. For insurance reasons however, visitors are asked to make a decision to join the club after 3 visits.

Our club fees are \$228.00 for seniors and \$92.00 juniors. This fee includes membership to the State and National Associations and the local Community Centre where our clubrooms are situated. Fees cover Public Liability Insurance. If applicable, ask us about family fees or pensioner rates.

The membership fee is the only fee charged by our club for shooting at the clubrooms during the year. Members do not pay any additional range fees as is common in many clubs. There is also no charge for the use of our club equipment. Members must, however, pay for their own air pellets, entry fees into any competitions outside the club environment, and the usual members range fees will apply to any member who uses the State Range at Wingfield.

The club also has a Junior club which meets separately from the main club. This section of the club caters for juniors from 10-14 years of age with a special program. The joining fee for this section of the club is \$51.00 and there is a nightly range fee of \$7.00 which includes pellets, targets, air rifle, a free drink and coaching.
