Annual Membership Subscription for 2007-2008

Adult	\$155.00
Pensioner	\$117.50
Junior	\$ 72.50
Family	on application

Range Fee (per shooting session)

Members	\$ 7.00
Visitors	\$14.00

A discount applies to members of other shooting associations, ie SSAA, SARPA, SARA etc. For the general public, all equipment (rifles scopes, rests etc) is supplied with no extra charge.

Ammunition:

An evening's activity usually takes one box of ammunition per person, although enthusiastic shooters often elect to shoot more, sometimes a whole lot more, we enjoy our shooting!
Ammunition is available at the Range and costs \$6 - \$10 per box of 50 rounds. Licensed shooters may supply their own, note that the Range Certificate does not permit .22 magnum calibre. .22 long rifle high velocity is permitted on the outdoor 50 metre range, .22 standard velocity on the 20 metre indoor range. Persons not holding a Firearms license may not take leftover ammunition home. (you may take your targets home though.)

Activities:

Our shooting is with .22 lr rifles (not .22 magnums) and air - rifles, either hunting rifles or Olympic Games type target rifles. The 50 metre range has 28 sheltered firing points; the indoor 20 metre range has 12. Most meets are practice shoots and shooters are free to choose which events and targets they wish to have a go at. A variety of paper targets are available - from the Olympic Rifle targets for a challenging experience, to large targets for new shooters. Club competitions and activities are in the Shooting Programme posted on the notice-board at the Range.

For those who desire to be a good marksman, Olympic target shooting can lead to the highest honour in the world of shooting. The Club has several very knowledgeable coaches in these events. Benchrest events are popular as a serious alternative to the International level, as are the various hunting rifle shoots. Assistance getting started is provided for inexperienced people and shooting equipment (rifles, spotting scopes, rests etc.) is available from the Club with no extra hire charges. A chronograph is available for anyone wishing to check their rifle and ammunition combination for speed or consistency.

Legal

No Firearms license is required when shooting as a visitor. It is a common assumption that you must need one. When using the Club's rifles under the supervision of a licensed Club official, you are exempt under the Firearms Act. A Firearms license is required to purchase and use your own rifle and ammunition.

Safety

The Club (and the whole Association) has an excellent safety record of no shooting injuries, for 2 very good reasons -

- a) Common sense Range and Firearms safety rules which if obeyed, prevent any accident from even starting.
- b) EVERYONE obeys those rules. We invite you to do the same.

FOR MORE INFORMATION PLEASE CONTACT:

Club Secretary Brenton on 0422 449 222
